

HEALTHY HORSES PRESENTS...

ONLY 35 SPOTS! REGISTER NOW

You are invited to join us for an educational weekend with Tomas Teskey, DVM, Laura Taylor, DVM, EDO, and Loesje Jacob as we explore equine health care options that impact the horse from head to toe.

We Will Explore:

Natural Hoof Care: anatomy, pathology, physiology, trimming and advanced considerations

Principles of Natural Horse-Keeping: improving confinement which is vital to horses' wellbeing

Equine Osteopathy: what impact does organ function have on physical movement?

Equine Dentistry: how the teeth can affect the quality of physical movement

Other: deworming, ulcers, understanding the mental and emotional aspects of horses and more

Sept. 28 - 30, 2018
In **VERNON, BC**

Early Bird Registration \$300.00
Regular Registration \$350.00*

*After July 1, 2018
